FURNITURE

THE MATERIALS

In addition to its natural appeal, ash wood is resilient, sustainable, and beautiful. Known for its light weight, strength, shock resistance and flexibility ash grants the Moment Tables incredible durability, a soft feel, and excellent mobility.

PERCH TABLES

The Perch is an exceptional tool for dividing larger space or utilizing office nooks and crannies. At standing height and equipped with a foot bar, these tables are opportunity creators, encouraging individuals or small teams to take a beat, touch down, and check in.

COMMUNITY TABLES

With a resimercial aesthetic, the Community Table is expansive yet intimate, allowing for a more casual meeting or multiple small working groups to share a single space. As a centrepiece, Community Tables are an invitation to co-locate and co-create.

MEDIA TABLES

We designed the Media Tables to solve a common problem, creating natural sight lines for digital interaction. The asymmetric taper allows for an equitable experience around the table without awkward leaning in or out.

SESSION TABLES

Comfortable and customizable, the Session Table meets your team where you are at with a wide range of size and height configurations. For the in-person or the digital meeting, the Session Tables will support your team through the brainstorm, the work party, and the deadline.

COMMON TABLES

Common tables can be layered into teaming spaces to encourage collaboration or grouped to form seating clusters in educational environments. Whether for heads down work or socializing, The Common Tables provide a versatile opportunities for groups up to four.

MOMENT BOARDS

Agility of the board was a fundamental design direction. We Achieved this via lightweight materials and intentional touch points. The full-length reveal between the frame and board lends to the impression of lightness, allowing for easy maneuverability with a comfort and minimal effort.

MOMENT DESKS

Moment desking reduces costs and increases flexibility by eliminating the need for a bulky and static panel and power systems. It integrates the revolutionary Byrne Pattern System that allows desks to organically form work pods of up to 12 desks powered of a single three prong plug.

DESKS MOUNTED SCREENS

Material Choices:

- Laminate (TFL/HPL)
- Whiteboard (Mirlux/Magnetic HPL)
- Tack-able upholstered screens
- Acrylic

Chamfered edge detail on the outside of fabric wrapped and PET screens

Clamp on bracket design (can work with any surface up to 1.25" thick)

MODESTY SCREENS

Material Choices:

Laminate (TFL/HPL)
Tack-able upholstered screens
(COM fabrics available in addition
to our standards)

Chamfered edge detail on the
outside of fabric wrapped.

Screw on design.

All tables come with 5 under surface cable clips and 3 cable straps for table legs

The heights of the Cable Tower correspond to 29.5" / 36" / 42" table heights

The Cable Tower can be mounted anywhere under the table surface

MOMENT Table Cable Management

There are slots routed between the surface and the wood frame.

Bungee cords can be fed through these slots.

These bungee cords can be used to manage cables under the surface.

Standard on all tables:

Under Surface Cable Bungee

6x

Leg Cable Bungee

2x

Adjustable bungee cords offer user configurable cable management down any table leg

Optional plywood cable cover with magnetic attachment

MOMENT Table Power Placement

Social Tables

Meeting/Perch Tables

Community Tables

Under Surface Perimeter Power

All power units are 2" back from the edge of the surface and 2" in from the interior of the table legs

Single In-Surface Power

Double In-Surface Power

NA

Grommet Locations

If a grommet is specified in the same location as a power unit it will be pushed 2" interior of the power unit or 2" to the right depending on the configuration. **+\$55 list per grommet**

MOMENT Table Power Offering

Notes:

All multi-unit configurations (perimeter power / inline utility power / or double in-surface power) are accomplished using Byrne Electric's Pattern system or our Built in USB C charging system. This means all individual power units or ports are chained together and a single cord (infeed) powers the whole system.

Options:

Braided Infeed Cord: +\$100

Hardwired Infeed: +\$200

Finish option on Byrne website.
Select finishes may add extra cost.

Power Unit	Description	Perimeter*	Single In-Surface	Double In-Surface**
Built in 100 Watt USB C	4 port: 1 port per leg	1950	NA	NA
	<i>This power solution is proprietary to Makr Furniture and the Moment Tables & Desks. It integrates a 100-Watt USB C charging port into each table leg. This is enough power to charge devices ranging from cell phones to full sized laptops. In addition to power, hardware data, peripherals, and displays can pass through these ports with the use of data Hubs. Makr can work with your technology needs to help specify the proper Hub for your application. A data hub is not included in this price.</i>			
Finch	 3 port: 2 PWR / USB A + C	2660	NA	NA
