# WE ARE **makr**

Makr was founded on making education furniture and it started with a simple student desk in 1984. Our depth of knowledge and breadth of experience allows us to make a wide variety of furniture. We build for K-12 and higher education, focusing on quality, durability, and using environmentally friendly materials.

Being an environmentally conscious company is continuous:

## We Learn, Do Better, and Affect Change.

In the beginning, a simple student desk was reimagined: built out of a barn in the May Valley, outside Issaquah, envisioning the desks as places to sit, learn, and grow

Customers asked for non-standard pieces, handing us drawings on napkins or describing what they wanted. Our response: Why not?

We've never lost sight of our roots and what it takes to build quality furniture: understanding and caring for our customers. That same care goes into making every piece that goes from our studio to your workspace

Our customer base grew and we moved from the barn into the Kent Valley, where we expanded our line of products

Locally owned and operated, Makr prides itself in best in class production lead times and exceptional design. With us, local means local. All American products made with American labor

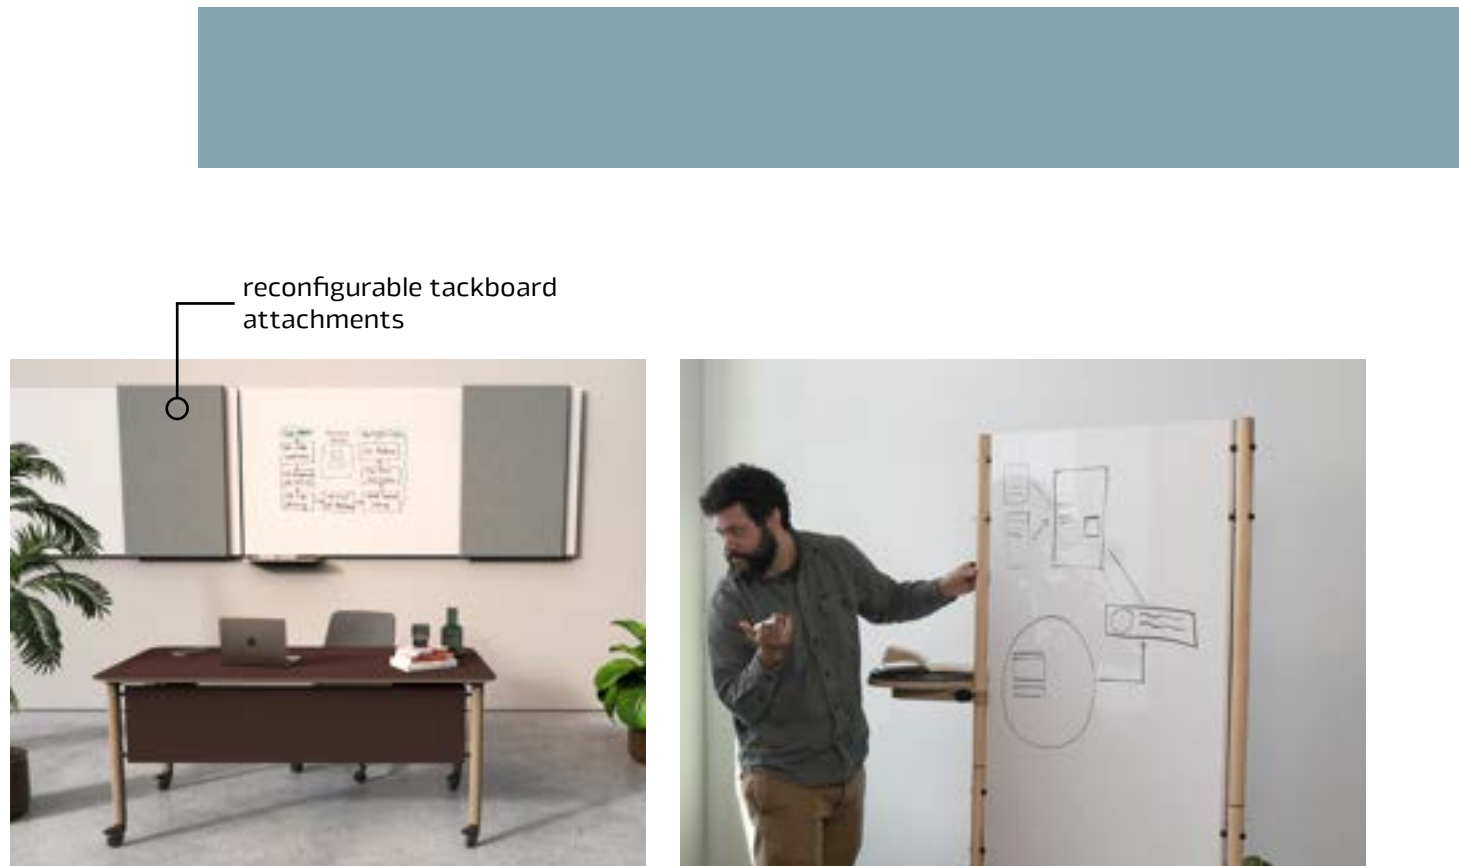

Makr furniture offers complete classroom furnishings, from student desks to whiteboards to wardrobes. Everything an educator needs for an engaging and successful environment.

# CLASSROOMS

stackable options available

reconfigurable tackboard attachments

# LIBRARIES

Makr's entire product line includes workspace solutions from shelf bookcases to configurations for open collaboration with options for expanded storage.

Oxidized Beam Wood

Natural Ash

Algae

Folkstone Grafix

Makr brings dynamic settings that support both storage and active workspaces, whether you are studying alone or working with a group.

Administrative spaces should be welcoming and inviting, something Makr strives to achieve in every environment we help create.

# ADMINISTRATIVE SPACES

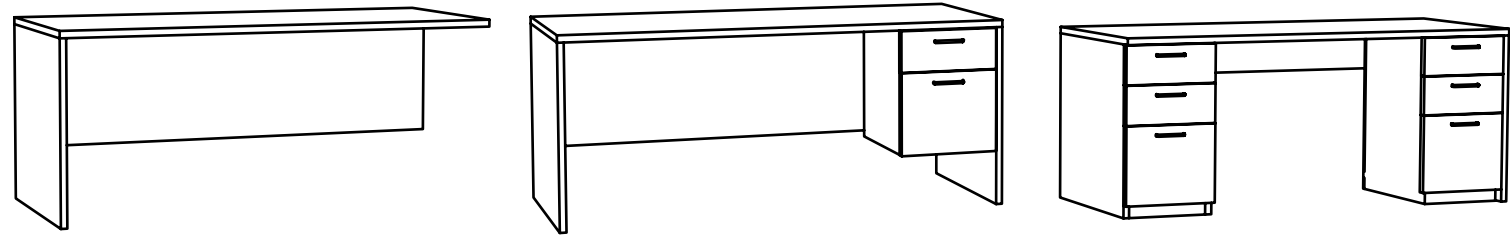

Makr Furniture offers full administrative spaces, from reception desks to conference tables, paper sorters to cabinets and work spaces.
